

COVID-19 Supplier Guide & Directory

April 2020

The purpose of this guide is to highlight some of Intalere's supplier partners who can support your response efforts to COVID-19. Please note that this list is not inclusive and additional suppliers can be found on [Member Resources](#). Each of these partners has been previously vetted and is on-contract with Intalere.

Because product availability changes frequently, please contact the supplier directly for the latest product information and availability. If you would like additional alternate supplier recommendations, please contact your account representative or our Customer Service team at 877-711-5600 or customerservice@intalere.com.

For additional resources, visit [Intalere's COVID-19 Resource Center](#).

Healthcare Coalitions

Healthcare coalitions are groups of individual healthcare and response organizations – such as hospitals, EMS providers, emergency management organizations, public health agencies and more – working in a defined geographic location to prepare for and respond to disasters and emergencies. Contact information for your local healthcare coalition can be found [here](#).

Strategic National Stockpile

The Strategic National Stockpile is the nation's largest supply of potentially life-saving pharmaceuticals and medical supplies for use in a public health emergency severe enough to cause local supplies to run out. For further questions or information about the Strategic National Stockpile (SNS), email sns.ops@cdc.gov.
